

## **Porcelainous Stoneware clays.**

	Clay	Filter	Bisque (Orton cones)	Glaze (Orton cones)	Characteristics
SWS	Porcelain type	80#	06 to 05	8 to 10	An excellent, white, porcelain stoneware body with extra tooth that makes it ideal for throwing and hand-building.
TMK	Porcelain type	120 #	06 to 05	8 to 11	A fine white body with very high plasticity. An excellent throwing clay, good for functional ware.

### Notes:-

1. Unless otherwise specified the bodies are filter pressed, vacuum de-aired and packed as bags of approximately 10 kg weight, i.e. 100 bags to the tonne.
2. Conditions and production techniques vary widely from pottery to pottery; consequently, we strongly advise thorough evaluation and testing of any clay body to ensure its suitability.
3. Clayworks reserves the right to vary body specifications and composition, without notification.
4. The information provided is the latest available and supersedes all earlier publications.
